Summary

Computer Science undergraduate with strong foundations in Data Structures, Web Development, and Problem Solving. Skilled in building full-stack applications using MERN stack and modern frontend technologies. Passionate about developing scalable software solutions and continuously learning new technologies.

Education

Truba Group of Institutes, Bhopal

2023 – 2027

B.Tech in Computer Science

CGPA: 6.90

Technical Skills

Languages: C++, Python, JavaScript

Frameworks/Tools: React, Django, Tailwind CSS

Web: HTML, CSS, Responsive Design

Database: MySQL

Tools: Git, GitHub, MS Excel

Projects

Luxe Jewels E-Commerce Platform (MERN Stack)

- Developed a full-stack e-commerce application with authentication and role-based access.
- Implemented shopping cart, product filtering, and secure checkout workflow.
- Built REST APIs and optimized performance for smooth user experience.

Weather App (JavaScript + API)

- Built a real-time weather application using external APIs.
- Displayed temperature, humidity, AQI, and forecasts dynamically.
- Improved UI using responsive layouts and dynamic icons.

Chatbot Application (React + API)

- Developed an interactive chatbot with real-time responses.
- Designed intuitive UI for smooth conversation flow.

Wi-Fi Tracker System (Python)

- Built a system to analyze nearby Wi-Fi networks and signal strength.
- Captured SSID, MAC address, and channel data for analysis.
- Used data insights for network optimization and troubleshooting.

Personal Portfolio Website

- Designed and deployed a responsive portfolio showcasing projects.
- Implemented animations and modern UI components.

Certifications

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- Full Stack Web Development - Netlilent Technology LLP
- AI Powered Data Analytics - Geeks of Gurukul
- Basics of Python - Cambridge International

Additional Information

- Strong problem-solving and analytical skills
- Good understanding of Data Structures and Algorithms
- Effective team player with communication skills
